## 3 Sign-up on Food Hub Marketplace

Visit our Online Marketplace website and click SIGN-UP (located in top menu)

<http://alaskafoodhub.localfoodmarketplace.com/>

The screenshot shows the top navigation menu of the Alaska Food Hub website with links for HOME, PRODUCT LIST, MEET YOUR PRODUCERS, SIGN UP, and CONTACT US. Below the menu is a blue bar with a "Login Here" button. A message states: "The Kenai Peninsula Food Hub is Now Closed for the Season. We'll resume again in April 2017! Thank you for your support!". Three images are displayed below the message: a person in a field, a basket of fresh vegetables, and a view of a greenhouse.

## 4 Email robbi@inletkeeper.org afterwards

Our Online Marketplace software will generate an email to set up your password, as a customer.

After you are set up, email robbi@inletkeeper – she will convert your customer account into a PRODUCER account so you can access a variety of training materials to review for “homework.”

## 5 Complete ALL Online Training Videos

This will take you to a menu of training materials and videos.

Clicking on each tab, Producer Guide: Home and Producer Videos, will open a variety of information.

Please review all tabs and try doing what you've just learned (but be sure to unlist products if you don't have them for sale). This area will be a great resource to come back to with questions.

## 6 Begin setting up your Producer Page and Products

This will take some time at first, but we've already loaded quite a number of products to make this step easier. Initial set-up may take 1-3 hours. After this, your weekly updates should only take about 15-20 minutes.

## 7 Questions?

Try and find and answer in the Producer Training Manual and Videos. If you still are having trouble, email [robbi@inletkeeper.org](mailto:robbi@inletkeeper.org) to set up some time to talk, via phone.

Thank you all for your patience as we enter our FIFTH Season, with COVID19 pandemic safety in mind. There's bound to be some bumps, tweaks, failures, and successes- we're always looking to improve. We are committed to communication, transparency, and most importantly, supporting our **LOCAL PRODUCERS!**
